A Note From the Sponsors...

Since April of 1984, the Minnesota Community Band Festival has been a performing show-case for Community Bands from Saint Paul, Minneapolis, greater Minnesota and, in recent years, nearby states. We are grateful for the enthusiastic support of players and audience alike which makes the continuation of this project possible.

A special note of appreciation goes to the staff of the Landmark Center for making all necessary special arrangements and taking the interest and added time to make this Festival possible. A grateful note of thanks must also be given to Don Bates and the West Wind Concert Band for the kind loan of equipment.

And finally, a very special thank you to all participating bands for helping to make this 13th Annual Minnesota Community Band Festival a success!!
